

MEDICAL SEALERS

6300 SERIES

MEDICAL HEAT SEALERS

Impulse Heat Sealers assure the highest level of Process Control

Superior process protection, innovative technology and the repeatability and reliability required for "sealing in your product integrity."

CUSTOMER FOCUS

40 years of forward thinking and responsiveness to the needs of the industry and our Customers, Accu-Seal's products are always improving. Dedicated to designing the highest quality machines at an affordable price and supported by industry leading warranty and premier customer service and support.

PROCESS VALIDATION

Built to detailed and documented specifications Accu-Seal Heat Sealers deliver equivalence throughout your facility, with repeatable, reliable performance.

100% validatable and calibratable across all seal parameters, ISO 11607, CE compliant. Fully lock out protected alarmed digital process control, and high speed PLC with LCD touch screen HMI provide the confidence all process parameters are maintained Seal-to-Seal. Accu-Seal Heat sealers are designed to meet clean room packaging requirements for sealing a variety of pre-made pouch materials. External verification ports offer ease of calibration.

PRODUCTION ENHANCEMENTS

This robust machine has many standard features to enhance production. Intuitive, User-friendly operation with password protection allows the operator to select from pre-set & named seal recipes to maximize changeover speed without compromising process control. Alarms for process faults, seal count, alarm history, and product support tray are all standard features on this robust machine, built to perform for years.

VALUE

Accu-Seal Heat Sealers are manufactured using the highest quality materials and components for unmatched product quality and trouble free performance. Dollar per Dollar, you won't find a better Value. Compare the Features and Experience the Accu-Seal difference.

SERVICE

Our Sales and technical support teams are ready to provide you with highly personalized service. When you call, "talk" to a real person about your specific sealing needs, IQ-OQ, establishing seal parameters, maintenance support, custom projects or parts and service. "We're Listening"

6300 Series

IMPULSE HEAT MEDICAL POUCH SEALER

BUILT-IN FEATURES

- LCD Touch Screen and PLC provides digital control of:
 - Seal Temperature
 - Seal Time
 - Seal Pressure (Analog regulator with digital readout of Pressure and Down Force)
- Password Protected Control of:
 - Seal Temperature
 - Seal Time
 - Seal Pressure
 - Alarm Bands
 - Alarm History
 - Seal Count
 - Calibration Screens
- External Calibration Verification Output Ports and entry of Offset values via Touch Screen for:
 - Seal Temperature
 - Seal Pressure
 - Seal Time (No Offset)
- Visible and Audible Alarms:
 - Jaw Obstruction
 - Seal Temperature with Settable Band
 - Seal Pressure with Settable Band
 - Cold Seal
 - Open Sensor
 - "Coyote" Timer
- Additional Safety Features:
 - Emergency Stop
 - Safe, Low-Force Jaw Close
- Production Enhancing Features:
 - Programmable Seal Recipes with Name feature
 - High Force Seal Jaw
 - Upper Heat 3/8" seal width
 - Seal Count
 - Product Support Tray
 - Seamless Stainless Steel case
 - Clean room friendly, External Exhaust Port

SPECIFICATIONS

- Seal Widths: 3/8" Standard
- Seal Lengths: 15", 20", 25", 30", 35"
- Requirements:
 - Power: 120Vac, 10 Amps (15" x 3/8")
 - Air: 1.0 CFM @ 80 PSI
- Size
 - Length: Seal length + 5.5"
 - Depth: 12"
 - Height: 8"

Approximate Weight Total: 28 - 40lbs.

FACTORY OPTIONS

- 220 Vac / CE
- Initial Calibration
- Ergonomic Machine Stand
- Ultra-Quiet Compressors & Industrial Compressors
- Custom Options: Call us today to discuss your specific application and requirements.

Remove the confusion of Operator Recipe selection:

Name the Recipe to match the bag type or product whatever works best for your production.

TWO YEAR LIMITED WARRANTY

The Accu-Seal Validatable Medical Pouch Sealer was designed, built and tested to give years of reliable, trouble free performance. We stand behind our products with a two-year warranty on Parts and Labor. Consumables excluded.*

STAINLESS STEEL PRODUCT
SUPPORT TRAY INCLUDED

BUILT TO LAST

The seamless, stainless steel cases are laser cut and welded so there are no screws to come loose, and bulkhead fittings where any cable or hose enters or exits the case, designed for easy periodic maintenance and to last for decades.
